

**PENTA**  
ELECTRICAL SAFETY PRODUCTS

# Our Story

Since our first innovation in 1932, we have developed our expertise by bringing together companies with expertise in the health and safety of those who work on and off electrical networks.

Our growth has been based on:

- our understanding of national markets
- our mastery of international standards
- anticipating changes in electrical energy requirements.

Today, PENTA, our new brand, embodies our expertise, our capacity for innovation and our unified desire to work closely with you.

Our teams are committed to working alongside you, from analysis to operational implementation. We mobilize all our resources (research and development, design, manufacturing, supply chain, training, commissioning, operational maintenance) to serve you.

..... **15000** product references

..... **+ 90** years of innovation

..... **+50000** customer accounts on 5 continents

..... **550** employees and 18 subsidiaries

..... **5%** of sales reinvested in R&D

..... **We are active members** of international and national standards committees, including ASTM and IEC, etc.

## Protect / Secure / Work

We design and manufacture our products in dedicated factories. Our offer covers all your live and dead operations for the construction, maintenance and operation of electrical networks.

As part of our commitment to co-construction, we work with you in a long-term partnership to build the best offer, by mobilizing all our resources and all our expertise acquired in each field of activity throughout the world.

Our  
offer

# Your life, Our work.

## WE ARE PENTA

Multinational industrial leader, pioneer and expert manufacturer of electrical safety solutions, committed to ensuring your safety at every intervention!

We are the essential partner for linemen, maintenance technicians and electricians working on power generation, transmission and distribution networks all over the world, and in 9 other areas of activity.

**Our work starts where your life might end.**

## Our brands

With a presence in many countries, we have been able to adapt our products to the specific standards, certifications and specifications of each one.

Find out more about our 3 product portfolios and our services:

- / REGELTEX for your protection,
- / FAMECA, OTTOTECNICA and P&B to secure your working environment,
- / ALROC to carry out your operations in complete safety.

## Our areas of activities

- / Production
- / Transport
- / Distribution
- / Sub-Station
- / Cables and Connections
- / Industry
- / Rail and railways sectors
- / Electrical mobility
- / Civil protection

# THE 5 GOLDEN RULES

1

## PROTECT

**Protecting you from the risks associated with work on electrical networks and protecting your working environment.**

We offer you individual and collective protective equipment that is essential to the health and safety of operators, and that complies with current standards and the necessary specifications.

2

## SECURE

**To enable you to implement means of securing de-energized networks or tools for working on medium and high voltage energized networks.**

We manufacture equipment specifically adapted to your networks to guarantee a safe work environment everyone involved.

3

## WORK

**Enabling you to work on in complete safety.**

We design and deliver high-performance tools that enable you to carry out your technical work efficiently.

4

## SERVICES

**Providing you with a local service.**

We listen to your needs and provide you with our manufacturing-expertise: audit/advice, training, technical assistance, operational maintenance, customization or equipment hire, etc.

5

## SOLUTIONS

**Enabling you to be more efficient.**

We design solutions (products and dedicated services) for your LV, MV and HV operations, whether live or dead. Our sustainable achievements have become a benchmark for professional users worldwide.

# Our values

**We believe in the power of teamwork.**

### / COMMITMENT

The professionalism of our teams at your side to help create value.

### / CONFIDENCE

Integrity in relationships, loyalty as a driving force behind our effectiveness.

### / PERFORMANCE

Continuous and responsible innovation, providing sustainable solutions and protection for professionals.
